

Service Information

NAKAMICHI

Model Nakamichi 1000II (3 Head Cassette System)

Serial No. from 3142481

Subject Modification on Erasing Head

No. NR-0004 (1/1)
Date 1 September, 1977

I. General:

In order to improve the rate of erasing, the current head has been changed from E-53 to E-54.

The E-54 Head is of a double gap type with the rate of erasing below -60dB (at 400Hz).

II. Compatibility:

The E-54 is interchangeable with the E-53 from the physical and electrical standpoints.

III. Parts List:

Part No. GA02014A Erase Head E-54

CA05208B Pressure Roller D Ass'y S (including Erase Head E-54).

Note: As for spare parts, order the E-54 Head instead of the E-53.
